

Dear Helpers of the Hopeless;

Hi, I'm Wayne Martin from Kentucky, a directive coordinator and member of the Beet Ministry in Kentucky also a member of Rockingham COOP.

I want to extend a hearty Thank You! to everyone for their help in the tornado relief in Western KY ~~the~~ in Dec. The food was very much needed and filled a large hole.

As we know Eastern KY was hit very hard with severe flash floods in July. It's very mountainous country and water got high fast! Lots of people rode the flood thru in their home standing or sitting in water for hours.

One old couple stood in chest deep water for 6 hours in their living room! The water going past their house was estimated at 80 mph

These people living in a remote area, ~~the~~ was big mine country, mines have shut down, no jobs and no money. They are very poor and hardly had enough to eat before the flood, now it's helpless and hopeless to them. They've lost every thing garden gone, food for the winter gone, living in campers and tents

There is a need for help for these people
Things that are needed

- Food meat-dried beans - potatoes - rice
- building supplies lumber, insulation, drywall, panelling
- tools they can't help themselves without tools
- heaters infrared heater for 20th cylinders (LP)

This a few of their needs

Let's make Thanksgiving and Christmas
a special time for them, too.

If we could get turkey and ham for them
would be great

"We can do no great things,
only small things with Love"

Thanks for your consideration,
Wayne

"The Farm Ministry - Beef Ministry is a
cooperative response in offering hope and
encouragement for the future to others
in need."

We are all labourer's together with God.
